(*a*) and (*b*) Representations from the public for the construction of a bridge across Hemavathi river have been received. The question of construction of a bridge across the Hemavathi river near Maduvinakodi about five miles from Kattahalli was considered and given up as it was too costly. In the alternative the formation of a road from Akkihebbal bridge to Alambadi was considered and it has been decided to take up this work. Accordingly estimates for Rs. 12,500 for the formation of this road were got sanctioned and the work is under execution.
